John McCague	111	10	11	10	11	10	11	6	12	5	9	10	7	89	10
David Ogden	79	11	6	14	13	11	8	11	8	11	11	13	13	103	11
Jeff McCague	360	13	12	12	12	9	9	10	10	10	12	12	11	107	12
Gale Enstad	78	12	13	11	9	13	12	13	14	DNS	DNS	DNS	DNS	127	13
Terry Havener	373	14	14	13	14	12	14	DNF	13	13	13	11	12	128	14

DNF = DID NOT FINISH (Last +1 Pt.)

DNS = DID NOT START (Last + 1 Pt.)

DSQ = DISQUALIFIED (Last + 4 Pts.)

TWO (2) THROW OUT RACES

Notes on the event:

On-the-water racing conditions varied from no winds at all to about 4-5 knots intermittent and spotty during the morning races. Afternoon wind was a bit stronger, but still spotty and variable. Several races had 180 degree wind shifts with upwind conditions on all legs. Made for some interesting and tricky racing with many position changes during the races.

- 1) The first 8 places, plus 10th and 12th, used sails made by Black Sails, San Diego, CA.
- 2). Other sails: Carr Sails on #74 and Walrus sails on #78, #79 and #373. No stock sails were used.
- 2) The first 8 places, plus 14th, used carbon fiber spars. Only 5 used the stock aluminum spars, 9th through 13th.
- 3) All Fairwinds weighed between 8 lbs. 1 oz to 8 lbs. 7-1/2 oz, except for Rob Amaral, #24 who weighed in at 9 lbs. 6 oz.
- 4) A couple of Fairwinds used "masthead" rigs, but they did not demonstrably out perform any of the "fractional" rigs.

All participants said they had a great time. Some said it was the best racing they had ever experienced in R/C sailing.

The host for the event, the Bakersfield Model Yacht Club, thanks all who participated and helped put on the event-of-the-year for the BMYC.

Ken Covey, Commodore; Rick Moynahan, Vice Commodore; Chris Staiger, Race Director; Stan Ogden, Sec-Treas.
